But I told her to email me not you. That way we didn't have multiple emails. Also, the model number of the other PC is E4300 and SN is 003561580.

Jeremy,

Sorry for the confusing email. I will explain the process to Dawn, instead of you repeating it. If you need any additional information prior to completing the checklist, let me know.

Thanks
Deb

This is part of last email from Jeremy that need answered. Place your answer at the end of each. It will make it easier to add these items to other things he asked in the email.

I would need to know the name of the account and number you will be using to fund the purchase.

The account number is 512110/ Contract Services

In addition, I will need to know the purpose of the replacement and who will be using it.

The computers we are using know haven't been replaced in over seven years.

**The model number of my computer is E4300
S/N 0036615787**

Jeremy, will you be ordering them for us ?
